

Face Shield- Protection from drip contamination

Set content: **1x Visor, 1x Stripe, 1x Elasticband & 1x Soft Forehead part**

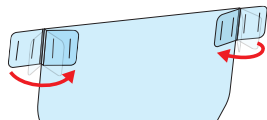

Suitable for: Medical professionals, healthcare, customer service, factory workers, paintworks, foodmaking, inner space events, safe communication, etc.

USER INSTRUCTIONS

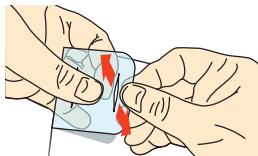

Stick the soft part in the middle of the stripe

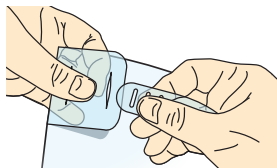

Carefully fold the side flaps on both sides of the Visor

Open the cut line by pushing carefully.

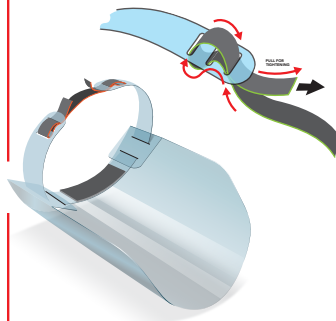

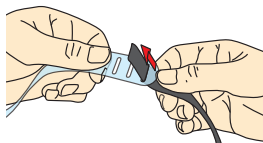

Put the stripe in through the first hole, then out through the second hole.

Make the same on both sides of the visor

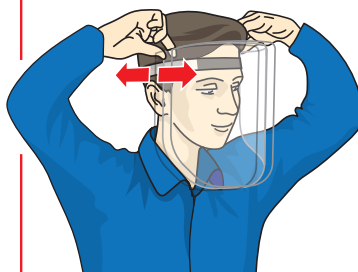

Put the elastic band at the first hole and follow the band to next two holes as shown below.

Make sure the visor covers the whole face

Adjust forehead distance for glasses or other needs.

WARNING!

- This is not a toy!
- Not for sports use!
- Inspect the visor for any damage before you put it on!
- Do not use the Visor if the optical clearness is reduced noticeably.
- The visor should be handled carefully and not stored in confined spaces
- Materials which may come into contact with the wearer's skin could cause allergic reactions to susceptible individuals.
(Refer Data Sheets at our website: www.see2pro.com).

The **SEE2PRO®** is the Face shield for protection against droplets and splashes of liquids. Since it is personal product, the warranty is valid before the mask is open from the safety foil.

The **SEE2PRO®** Visor is made from selected PET-G material.

You can use the Visor until it doesn't get any damage or crack as a safety for the user. (Slight scratches may be eliminated by splashing hot water on visor's surface).
Shelf life 5 years.

This product is CE certified and fulfills all mandatory requirements in EN 166:2001 Personal Eye-protection. Also, the particular requirement §7.2.4 - Protection against droplets and splashes of liquids is fulfilled.

The EU type control is carried out by RISE Research Institutes of Sweden AB
